### Weekly Cruise

It's right around the corner!!! Our first cruise of the year is Tuesday May 12th 6:00pm - 8:30pm at Johns Pizzeria. Be ready for more great door prizes, great food and a great time. Don't forget about the 50/50 raffle - you could be our next big winner !!!

### Swap Meet

- What: High-performance auto parts swap meet.
- Where: Lake Fenton High School, 4070 Lahring Road, Fenton Township.
- When: 9 a.m.-2 p.m. May 2.
- Cost: Admission is \$5; free for women and children.
- Purpose: Only fundraiser for Three-District Career Technical Education program's drag-racing club and scholarships.

### Saturday Test N Tune

The Club is going drag racing !!! There is an open Test N Tune Saturday May 16th, 2009 at Uibly Dragway in Uibly, Michigan. 12:00pm - 6:00 pm. Cost is \$20.00 per car and \$5.00 per spectator. At this time we have 7 members who have confirmed their spot. Anyone who wants to go can E-mail Lance @ [LWilson71@comcast.net](mailto:LWilson71@comcast.net) or Call (810) 348-6045. We will meet the morning of the 16th at Johns Pizzeria 10:00 AM , weather permitting. Feel free to bring your friends along, especially if they have cars that may be club eligible. We're always looking for new members. I hope everyone who wants to run their car attends this event. As a club our stance on illegal street racing is that it's illegal for a reason. Come take your car to a place you can run it safely and have fun with the rest of us. Don't be afraid to tell your friends who want to race you that you'll be at Uibly Dragway May 16th and we have lots of club members who would love to race them too.

### T-Shirts are HERE !!!!

The club has new T-shirts for sale. These screen printed T's feature one of our alternate logos and are made of 100% Cotton. They are just \$15.00 and all profits go right into the club fund. Available in sizes M, L, XL, XXL in either White or Ash. This is a great way to show your support for The Mid Michigan Modern Muscle Car Club. Limited quantities so get yours soon. These shirts are available to anyone ( not just club members ). To get your shirt E-mail Dawn at [Justforsmyles@comcast.net](mailto:Justforsmyles@comcast.net) or call (810) 348-6045

### **Club Directory**

The Club Member Directory is finished and will be arriving to you shortly. Those of you with E-mail will receive a pdf. file that you can click and print, or save. If you don't have E-mail you will receive your Club Directory in the mail. If you didn't get your information into this edition of the Directory and want your information included you can get your info to Club Secretary Dawn Wilson by E-mail at [Justforsmyles@comcast.net](mailto:Justforsmyles@comcast.net) or by calling (810) 348-6045. The Directory will be updated twice per year.

## **Help The Club**

There are some real easy ways you can now help the club recruit new members and gain sponsors. The Club website [www. MidMichiganModernMuscle.com](http://www.MidMichiganModernMuscle.com) has two new links that you can click and print. The first is a Sponsorship form that you can take to any place you do business frequently or think might want to advertise or sponsor the club. A sponsor doesn't have to be car related but please think of reputable businesses and try to avoid restaurants as they would be a conflict of interest towards Johns Pizzeria. The form lets them know about our levels of sponsorship and how they can contact us. The more sponsors we get the more things we can do together and the more perks our members can have. The second link is a way to gain new members. This is a pre-formed short note letting someone know that we like their car or truck and think it would be a good addition to our club. Simply print this form and hand them out to friends or put them on a car or truck you see sitting at the mall, the grocery store, or anywhere else you see a cool car that would look nice in our club. Be sure and put your name on the bottom of the form. If someone joins because of your hard work, that is considered a referral and you get \$2.00 off your membership. The more you recruit, the more you save.

## **Upcoming Cruises and Shows**

There are few upcoming cruises and shows worth mentioning.

Saturday, May 2nd- Halo Burger, Hill Rd, Grand Blanc 5-9

Tuesday, May 12th- Johns Pizzeria, Davison 6-8:30

## ***Car of The Month***

***The car of the month for May 2009 is a 2003 Ford Mustang Mach 1 owned by Dan June***

Dan is the second owner of this Torch Red Mach 1. He purchased it from the original owner in July of 2005 and got all the original paperwork including the window sticker. Dan even knows the build date. His Mach One was produced 5/15/03. His car features the interior upgrade package and shows just 12,000 miles on the odometer. The car was one of 9,652 Mach Ones built by Ford in 2003. Of that number 2,513 were Torch Red. The Mach One was a limited build and was only produced for two years in the new edge SN95 Mustangs. The Mach Ones were different than a standard GT in many ways. All Mach Ones received a functional "Shaker" hood scoop. They also received larger rotors both front and rear when compared to the standard GT. Mach Ones had special painted calipers and unique 17" wheels as well. Transmission options included a 5 speed manual transmission or Ford's AOD 4 speed automatic. Dan likes to do the shifting himself so he purchased his car with the 5 speed. All Mach Ones came equipped with a 32 Valve 4 cam 4.6 liter V-8. In stock form, this engine makes 305 Horse power @ 5800 rpm's and 320 lb/ft of torque @ 4200 rpm's. Stock wasn't good enough for Dan. Dan has added some trick pieces to increase power. An ATI procharger pumps in 8 pounds of boost. The engine handles this boost well, thanks to an SCT 2800 mass airflow sensor and an SCT flash tuner that was tuned by Alternative Auto. Fuel chores are handled by 42# fuel injectors fed by a SVT Focus Pump. The 4.6 exhales through stock exhaust manifolds and stock pipes with weld in Flowmaster Mufflers. Shifts are helped by a Steeda short throw shifter. Dan puts the power to ground with help of Steeda Lower Control Arms and Nitto Drag Radials. Rear gears are 4.10's and the car is otherwise stock. The car has run a best E.T. of 11.80 @ 119 on a cool day with BF Goodrich Drag radials. The car made 430 Horse Power and 402 lb/ ft of Torque at the rear wheels. Dan hopes to go even faster in the future. Plans call for an increase in boost to 12 psi, a Methanol Injection kit, 2 1/2" pipes, 31 Spline rear axles & differential and a return to BF Goodrich or Mickey Thompson Drag Radials. He is not impressed with the Nitto's and I can personally verify 4th gear tire spin on them. His only other future plans are to powder coat all the supercharger pipes black, or flat black. Dan is truly a Mustang Enthusiast. His past cars include an 88 notch back, an 89 hatchback and a 95 GTS. His 95 GTS was boosted to 14 psi thanks to a Vortech supercharger, so not only is he a Mustang enthusiast, but a boost addict as well.
